PROFESSIONAL SUMMARY

Data Analyst with hands-on experience in Excel, SQL, Power BI, and Tableau, built through applied projects covering exploratory data analysis (EDA), data cleaning, KPI reporting, and interactive data visualization. Currently training 50+ learners in practical analytics as a Data Analytics Instructor, combining technical analysis skills with strong communication and leadership.

TECHNICAL SKILLS

Analysis & Tools: Microsoft Excel, SQL, Power BI, Tableau, Google Sheets, Exploratory Data Analysis (EDA), Data Visualization

Other: Virtual Assistance, Project Management

PROJECTS

Hospital Patient Records Management System (HPRMS)

MySQL 2025–2026

- Designed a relational hospital database managing doctors, patients, appointments, and billing information.
- Applied primary and foreign keys, CRUD operations, JOINS, aggregate functions, GROUP BY, ORDER BY, and WHERE clauses.
- Developed KPI-focused queries covering patients, doctors, appointments, revenue, and average hospital bills.

UK Retail Sales Analysis

Power BI 2025–2026

- Performed exploratory data analysis (EDA) on retail transaction data — cleaning, transforming, and standardizing fields using Power Query, including duplicate handling and missing-value treatment.
- Built an interactive Power BI dashboard with data visualization, KPIs, filters, and calculated fields for business-focused analysis of revenue, profit, customers, regions, and products.

Railway Transport Analysis

Tableau 2025–2026

- Conducted exploratory data analysis on railway transportation data to identify trends and performance patterns.
- Created interactive data visualizations and dashboards in Tableau to communicate findings and support data-driven decision-making.

Sales Analysis

Microsoft Excel 2025–2026

- Applied exploratory data analysis techniques using Excel functions, Pivot Tables, Pivot Charts, KPIs, and interactive filtering.
- Evaluated revenue, profit, customer contribution, and regional/product performance, presenting findings through data visualization to answer business questions.

WORK EXPERIENCE

Data Analytics Instructor (NYSC)

Global Tech World Computer Institute, Lagos, Nigeria 2026 – Present

- Facilitate practical data analytics training that helps learners build confidence and apply analytical tools effectively.
- Deliver Basic and Advanced Microsoft Excel and Tableau training with emphasis on practical, task-based learning.
- Train and support 50+ learners developing practical data analytics and data visualization skills.

EDUCATION

B.Sc./Ed. Health Education

Tai Solarin University of Education, Ogun State, Nigeria Graduated: July 2024

LEADERSHIP EXPERIENCE

Student Teacher / Science Educator

Ansar-ud-Deen Community School, Nigeria 4 months | Final-Year Teaching Practice

- Planned and delivered Science lessons across Basic and Secondary classes during a four-month teaching practice.
- Managed classroom activities, simplified complex concepts, and supported learners with different learning needs.
- Developed communication, facilitation, classroom leadership, and mentoring skills through direct learner engagement.

Health Education Facilitator

Mobalufon Primary Health Care Center, Nigeria 2023 | 1 month

- Supported health-education and health-promotion activities during university field training.
- Communicated health information clearly to community members and supported practical education initiatives.
- Strengthened public speaking, interpersonal communication, and community-engagement skills.
